Stuart Telfer

Stuart was born at Stirling Royal Infirmary on 18 March 2004, weighing 7lb1oz. Life has certainly changed for us, but definitely for the better. He has recently started crawling and thinks it's really funny when Mum and Dad have to retrieve him from behind the T.V cabinet!

Jack & Fergus Mitchell

Mum Rowena left the Vaccine Unit this year to have Jack and Fergus. To say that they have changed our lives would be an understatement! The first few months were a blur of nappies, feeds and no sleep. However, we are starting to get back to semi-normal if that can ever describe the joy of having twins. We are just waiting for the next onslaught as crawling begins! But, as you can see, they are two bundles of energy who give us the best laughs we've ever had. Two for the price of one, why not?

Isabella North Amigo

Isabella North Amigo was born to Ben and Ruth on the 10th November and weighed in at a shade under 7 lb. Sleepless nights and stinking nappies, but we're loving every minute of it.

Adler Mota-Velasco

Julieta and Cuit with the new baby boy Adler (another member of the new Aquaculture Generation?)

...and the light came to our lives 11 months ago, not only because he brings us happiness and love, but also because we have to turn on the lights at midnight!

Avik Nunez Laffon

Avik Nunez Laffon born on 06 March 2004 ... is a healthy baby boy that enjoys having fun, laughing and "chat", parents bit tired but joyful!

Dr Luca Montorio and Dr Elizabeth Ashton were

married in August 2004 on the side of Lake Windermere in Cumbria, UK. After a honeymoon in South America, Liz and Luca departed Stirling to start a new life in Vietnam. Liz is Danish Education and Research Advisor at Cantho University and Luca is a consultant in the region.

Annual Staff/Student football match was won by the students after a gripping 90 minute match enjoyed by an enthusiastic crowd.
